

## Project Tastes of Danube. Bread, Wine, Herbs.

### Registration for the activity Danube Bread on Tour

From the 15th of March 2016, under the motto Danube Bread on Tour, a “primal bread dough” will be passed from one group of project participants along the Danube to another. We are looking for people, who are going to bake bread out of this dough with their individual ingredients and share it with others in their region or a place as a sign of friendship.
